

KCA TT League Update - May 2008

This the first of an occasional update on current league positions at approximately 10 event intervals.

I need to point out that unlike previous years when you were allocated a bulk number of points per position in each event. I have decided to use an approach based on the overall number of registered league riders, currently standing at only 26! So a first place against your league mates acheives 26 pts, a 2nd =25 pts, a 3rd =24pts and so on.

The table below reflects your basic position at the moment BUT eventually only your five best 10 mile events will count towards points/prizes in the final table.

(NB: Hillclimbs will not count for league points, due to being less than 10 miles!!)

PLEASE NOTE AT THIS POINT THE FOLLOWING TABLE IS BASED JUST ON RAW POINTS AND TAKES NO ACCOUNT OF VETS STD., GENDER, ETC.

So by my reckoning after TEN open 'Q' course events starting with the Southborough & DW 10, on 1st January 2008, the league table standings are:

Rider/club	Cat'. reg	Points.
Bull, P. / VC Elan	S+V	231
