Acknowledgments and Thanks

As Promoter's nightmares go, this event must be one of the worst. With the last minute changes to the course I was faced with the daunting task of having to re-arrange over 30 marshals on the day before the event. But the "team" responded magnificently and everyone was in place at their appointed time.

That the event was turned from a lottery into a bike race was all down to one man - Peter Stone. He only found out two days before the start that we planned to run the event through 3 sets of temporary lights, and he was appalled. He 'phoned me at lunchtime on the Friday and told me that he would find us an alternate course by the end of the day. True to his word he called back at 19.30 and gave me the new course details, but an hour later Ivor Hickman 'phoned me to say that there were temporary lights at Camber. Unperturbed, Peter went back to his extensive course measurement notes and within 2 hours he had found a SECOND alternate course. He is an inspiration to all of us and our sport can do nothing but benefit from this "can-do" approach to obstacles.

I announced in the summer of last year that 2006 would be my final year of promoting, both for the KCA and my own club. In the past 5 years I have either promoted, or had a major hand in promoting, over 20 events, and it's time to pass the baton to someone else. So a promoter will be required for next year's 100 and Roy Enfield 50 - and the queue starts here.

I would like to close by saying a big thank-you to all those people that have assisted me in my promotions over the years.
